Meyton Elektronik

12 Positions Crossbow

Airpressure available all times!

300 and 200 Bar

WELCOME

The National Shooting Centre of Hannover is one of the biggest shooting ranges in Germany. Rebuild in 2005 with the modernst technic of Meyton shooting target systems. These systems will be actualized since they got new developments. With our partner, the Hotel Wienecke XI, we could offer cheap accommodations with high standard (German 4 Star standard). Our Restaurant offers everything you need if you book it early enough (one week before). Our Weapon Dealer is specialist in sport shooting (Mr. Klinger was Olympic Champion 1968, 3 Positions Men). They offer also Ammunition Test in 10m and 50.

Take a look and meet our facilities!
